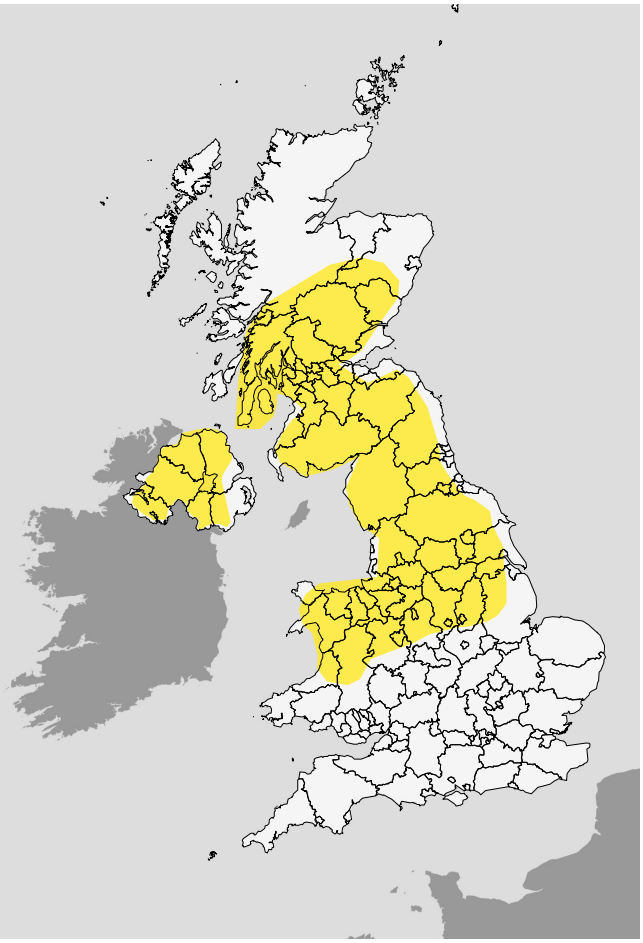
Yellow warning
Snow & Ice

Between
22:00 Mon 1 Feb 2021 and
23:59 Tue 2 Feb 2021



Snow, with a risk of widespread ice, is likely to push slowly northeast during Tuesday, bringing difficult travel conditions.

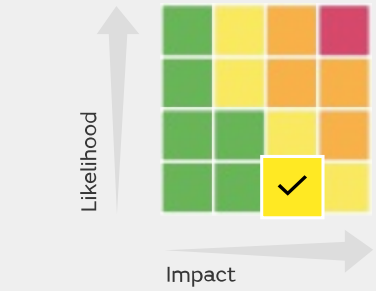
What to expect

- Possible travel delays on roads stranding some vehicles and passengers, with bus and train services potentially delayed or cancelled. Some road closures and longer journey times are possible
- Possible delays or cancellations air travel
- Some rural communities could become cut off
- Power cuts may occur and other services, such as mobile phone coverage, may be affected
- A chance of injuries from slips and falls on icy surfaces
- Untreated pavements and cycle paths might be impassable

Further details

A band of rain, locally heavy in places, is likely to push slowly northeast across parts of the UK. As this rain comes into contact with cold air in place, it is likely to readily turn to snow away from eastern coastal districts. 1-4 cm of snow is quite likely away from eastern coasts, with 5-10 cm possible in places, most likely across southern Scotland and above 150 m over northern England. Potential for 20 cm or more across higher parts of the northern England and Scotland.

As well as snow, a period of freezing rain is possible for parts of east Wales and the north Midlands.



Very low likelihood of medium impacts

Issued at 10:36 Fri 29 Jan, 2021 Updated at 11:08 Sun 31 Jan, 2021

Yellow warning
Snow & Ice

Between
22:00 Mon 1 Feb 2021 and
23:59 Tue 2 Feb 2021

Further Details (continued)

Should this occur widespread icy stretches would form.

Snow should turn back to rain from the south, lasting longest across parts of northern England and Scotland.

Reason for update

Updated to bring the start time forward a few hours and to increase the northerly extent of the area at threat through Tuesday.
